THE RECORD IS THE OFFICIAL PAPER OF THE COUNTY OF CHAVES AND THE CITY OF ROSWELL.

All advertisements to insure insertion in the same day's issue of The Record should be in the printer's hands before eleven o'clock in the morning. Orders for taking out any standing ad. should also be in the office by eleven o'clock to prevent its being run that day.

The Albuquerque fair opens Monday, September 18.

The Albuquerque city council has placed the license on gambling games twenty-five per cent higher than the tax on saloons.

The friends of joint statehood will have a conference at Albuquerque during the fair, Wednesday, Sept. 20, to which all friends of the measure are cordially invited.

The Roswell-Torrance automobile line will enable many Roswell people to attend the Northern New Mexico fair, who have not the time at their disposal for a railroad trip around the world.

Here's hoping that Hon. Jerry Simpson may remain with us and be able to make the principal speech when the Pecos Valley celebrates the establishment of statehood and home rule in New Mexico.

Albuquerque has a man by the name of Stewart who helps the newspapers out in the scare-head line by attempting every few days to commit suicide—then he repents and furnishes editorial inspiration.

The Territorial Board of Education has decided that hereafter men elected county superintendents of schools must be competent and intelligent—and yet we understand that the whole Territorial administration is opposed to statehood.

Are you against joint statehood? If you are, why not write to your local newspaper and tell why you are against it. Those in favor of it are not afraid to give a reason for the faith that is in them. Why should you be? If your cause is just and you have a tenable argument, come out with it, and let those who favor the project get a chance to answer you.

The Law of Compensation.
You'll see it proved most every day; The story isn't new—
The man who has a lot to say Has nothing much to do.
—Washington Star.

TROT OUT YOUR PUBLICITY.
"We are waiting most patiently for a definite announcement that Roswell will have a fair this fall. This section is extremely anxious that such an enterprise be carried out. It would suffice as an inducement for a great number of people from the

outside world to visit the Pecos Valley; and seeing is believing; besides it would give the home folks a show to have some fun. Telegraph us a definite announcement and we will give it all the publicity possible.—Hagerman Messenger.

SOUND ARGUMENT AGAINST STATEHOOD.

"If the city council of Albuquerque were able to follow up its action in raising saloon and gambling licenses by requiring a license of \$10,000 from the Joint Statehood League it would benefit not only its town, but also the Territory. The Joint Statehood League would then have to collapse, as it would not be able to pay the license, and there would be less drivel and joint statehood rot in the few New Mexico newspapers that are advocating and demanding joint statehood. No one objects to a sensible and decent discussion of the subject, but the balderdash that is served up in the Joint Statehood editorials and arguments has a very depressing effect, if read, and is very liable to make people seasick.—Santa Fe New Mexican.

Will the New Mexican kindly give us an example of "sensible and decent discussion" of the joint statehood question from the standpoint of the anti? Such words as "balderdash, drivel and rot" are no longer employed by the best logicians. They might well serve, however, to express the feelings of a man who has nothing to say and wishes to emphasize it with mild cuss words.

BETTER MAIL COMMUNICATION DEMANDED.

Santa Fe New Mexican.

A mail route from Torrance to Roswell should be established by the post office department at once. The mail can be carried by the automobile machines now in regular operation between the two towns. The distance by wagon roads is 121 miles and several times during the past month, the automobiles have covered this distance in five hours. The trip is pleasant and agreeable. It now takes mail from Santa Fe and central New Mexico from two three days and longer to reach the Pecos Valley. Were mails carried from Torrance to Roswell, via the automobile line, a saving of thirty-six hours would be effected as a regular thing. The people of this city are greatly interested in the establishment of this mail route and so are the people of central New Mexico, as are the residents of Roswell, Carlsbad, Portales and the many flourishing little towns in southeastern New Mexico. Delegates Andrews has signified his intention to work as hard as he knows how for the establishment of the route. The boards of trade and commercial clubs of Santa Fe, Roswell, Carlsbad and the flourishing towns in the Pecos Valley should promptly take action in this important matter and aid the delegate and the automobile company to induce the postoffice department to take favorable and speedy action.

EVENING VS. MORNING.

It is noticeable, says an exchange, that the growth of evening papers in almost every section rapidly outstrips that of the morning editions and that many of the latter have been abandoned altogether, the publishers embarking in the evening field instead.

Recently one of the largest papers in Rochester, N. Y., made a canvass of big advertisers to ascertain the

relative merits of evening and morning papers—as shown by the results of their use of the columns of each. They received replies from 135 of the leading department stores in forty-five of the largest cities. Ninety-two per cent of these replies expressed a preference for the evening paper as a advertising medium, 11 out of the 135 considering the morning paper the best medium.

The Rochester paper summarized some of the features that go to make the evening paper the predominating factor in an advertising campaign as follows:

It is delivered at the home each night when the whole family has time to read it.

It is carried home by the business man when his day's work is done and it stays there. A morning paper is usually carried down town by the head of the family and hurriedly read. The evening paper is not read hurriedly but thoroughly, so that all advertisements receive their share of attention.

It presents the store news a little ahead, giving the prospective purchasers time to plan a shopping tour for the next morning.

The evening paper presents the news the day it happens. The morning paper the day after.

The evening paper presents the news first. The morning paper merely elaborates it.

The evening paper prints daylight news. The morning paper takes what is left.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." The Roswell Drug & Jewelry Co. sells and guarantees them, at 50c a bottle.

Ohio Rams.

Paul P. Gurney, of Licking county, Ohio, a man of fifty (50) years' experience in handling Merino rams, has brought to Roswell a shipment of Ohio rams from noted breeders of Ramboulllets, Moulton, Burnham, Van Meter, Lincoln Harris and others, Delaine breeders, Foster, Dukes, Bishop, Dennis, Bell Helser, Grubb and others. This shipment is on exhibition at the Mitchell corral. Local breeders say they are an extra fine lot. Come and see them. PAUL P. GURNEY.

50c Per Month in Advance

When you have read it, send copies to your friends in the East, that they may read about the resources of the Greatest Artesian Well District of the World, and come to add their money and energy to developing the town and country. They were good neighbors in the old home, and they will be good neighbors in the new home. Your word will go further in convincing old friends than the circulars of immigration agents. Copies of your local paper are the best advertisement.

Help the paper to tell the story of the Valley by sending items about your crops, cattle, artesian wells, or anything else that indicates progress and prosperity.
